

# Day One Ways to donate

Registered Charity 1075308

## Regular Giving

By setting up a regular gift today via a standing order, you can help make a real difference to the lives of thousands of trauma patients and their families. Please email us to let us know when the standing order commences and the amount. You can download the standing order form from the Day One website.

### Why give regularly?

A regular gift allows us to have a regular income stream so we can plan for the future.

### What do supporters receive?

As a way of keeping you up to date with how your donations are spent, you will receive our twice yearly newsletter, which is packed with features, patient stories and events.

You must obtain the permission from the bill payer before sending a text message. If you are under 16 years old, you must have your parent or guardian's permission to send a text donation to Day One.

## Gift Aid

Gift Aid is a government scheme which enables registered charities in the UK to claim the tax back from the HMRC on donations. (For full HMRC guidelines visit [www.hmrc.gov.uk/incometax/relief-gift-aid.htm](http://www.hmrc.gov.uk/incometax/relief-gift-aid.htm))

**How it works:** If you are currently a UK taxpayer and you fill out a Gift Aid declaration when you make a donation, we can claim back 25p for every £1 that you donate.

Once you have signed your Gift Aid declaration it is valid for all gifts in the future, and for any gifts you have made to us in the four years prior to signing the declaration.

Please be advised that Gift Aid cannot be claimed on donations made on behalf of a group or a collection.

To declare all the donations you have made in the last four years, and any you may give in the future that are eligible for Gift Aid, please contact our Fundraising Team on 0113 2068412 or at [fundraising@leedsth.nhs.uk](mailto:fundraising@leedsth.nhs.uk). Alternatively, please download, complete and return a Gift Aid form.

**In detail:** You can make a Gift Aid declaration in respect of one or all donations made to Day One in the past four years, and the declaration can last indefinitely.

The declaration will be effective as long as you pay United Kingdom income and/or capital gains tax equal to or greater than the tax paid on your donation.

Day One will claim back tax at the basic rate, so if you are a higher rate taxpayer you can claim further tax relief on your self-assessment form. You can make a declaration and join the scheme by post or by email, or you can call 0113 2068412 to make a declaration. You will have 30 days to cancel, if necessary, before a claim is made. You are able to cancel at any time after that, should your circumstances change.

You must keep the charity informed of changes in your tax status and changes of name and/or address.

For further information or to discuss your eligibility please contact our Fundraising Team [fundraising@leedsth.nhs.uk](mailto:fundraising@leedsth.nhs.uk) or telephone 0113 2068412

Don't forget to include a small note to say where the donation has come from so we can say thanks.

## Payroll Giving

Payroll giving is one of the easiest, most tax efficient ways of making a regular donation. Donations made through this scheme are taken from your salary before tax, meaning that your donation will cost you up to 50% less. The taxman then pays the rest, so payroll giving really is the gift that gives twice!

- **How do I join the scheme** – visit [www.workplacegiving.co.uk](http://www.workplacegiving.co.uk) to find out more

## Your Will

An advantage of leaving a gift in your will (a legacy) over other types of giving is that it costs nothing now.

A gift to Day One in your Will can help to ensure that pioneering research, support and treatment will continue to be offered within the region way in to the future.

Legacies are an absolute vital source of funding, your Will really can make a difference for generations to come.
